Efforts Reach Amazing Milestones

ADU

ARCHITECTURAL
DESIGN UNIT

THE COMPANY

Mr. Shoukathullah, graduated from Sir JJ College of Architecture, Mumbai, India in 1962. He has a vast experience in architecture, being involved in many projects that demand a different mind set and perspective, always keeping the external environment in mind.

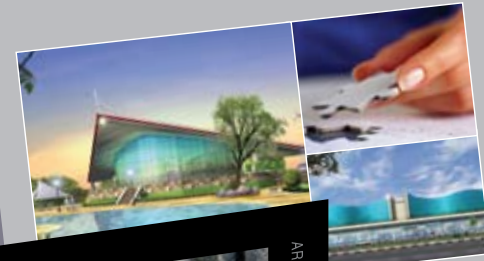

He received his professional training at "Mody & Colgan", a highly reputable architectural firm in Mumbai, India. During his travels to the United States and Canada he met with Mr. Ian Martin and Associates, in Toronto, Canada, where he spent a period of time learning about the intricacies of designing Government buildings. Many such commissions followed that lead to the partnership with I.M. Kadri, a leading practice from Mumbai, India, to set up and start an Architectural practice in the Middle East in 1976.

CREATIVITY

creative mind

Our projects stand out for its unique idea - Selected among a large number of alternative explored solutions, its functionality, aesthetics and construction quality.

MC TRADE Middle East FZE - Brochure (logistics).

NAVIGATOR - newsletter for Lamnalco Shipping.

FM EXPO - Facilities Management Exhibition Brochure.

Introduction

UAE enjoys a strategic location at the center of international agricultural trade in the Gulf region and its neighborhood. The department of Agribusiness and Consumer Science was established to help meet this potential by preparing graduates who are capable of managing the country's agribusinesses.

Objectives

- To prepare qualified graduates in the areas of Agribusiness Management, Agricultural Marketing, and Consumer Science.
- To instill and develop research and analytical skills in students.
- To provide technical support to agribusinesses and consumers.

Our students will

- Learn the use of economic and business concepts to analyze and solve agribusiness problems.
- Learn about efficient ways to manage the scarce resources in the country.
- Be able to assume leading roles in public and private organizations.

The Agribusiness program was accredited by the Agricultural Institute of Canada (AIC) which is responsible for the accreditation of agricultural programs for all Canadian universities.

Degree Program

Bachelor Degree in Agribusiness

Prepares graduates who can apply agribusiness concepts and strategies in both private and public firms within the realm of food and agriculture.

Academic Activities

The department staffs pursue excellence in teaching, research, and university and community service. In addition to carefully designed courses, the department prepares students to manage agribusinesses in the 21st century, the department offers courses in the following areas:

Introduction to Agribusiness, Logistics in Global Agriculture, Agribusiness Strategy, Agribusiness Marketing, International Agribusiness Policy, Global Agric-Food Trade

• Internship

Qiyada

Discover the Leader in You

Are you a UAE National interested in having a life-changing international experience?

The Qiyada Programme is an exclusively planned International Traineeship and Leadership Development Programme for UAE Nationals. Qiyada, the Arabic word for Leadership, helps provide the very unique AIESEC platform of opportunities to the Emirati youth.

Apart from working in a company, Qiyada Programme takes the participant away from his/her comfort zone that helps in challenging the person's world view, develops confidence and makes him/her a more valuable asset to home country's economy upon return. The Qiyada Programme can give you the opportunity to develop your professional skills, your understanding of a new culture and develop your self personally.

Emirati students will have the opportunity to work abroad for a period between 3-6 months, within AIESEC's network of over 90 countries with corporations, NGOs and Governmental Organizations. In addition to the internship experience, students will have the opportunity to participate in community service and to interact with local student volunteers in the hosting AIESEC country through organized social and cultural activities.

Acer and AIESEC

Acer Computers and AIESEC have been working together for over two years in different areas such as AIESEC's International Internship Programme and as a Youth Development Partner. As a responsible corporate citizen, Acer Computers has taken a pioneering initiative by partnering with AIESEC in the exclusive Qiyada Programme to support in bringing this unique Programme to develop the youth of the United Arab Emirates.

Facilitating your vision
to new heights

**The premier exhibition and conference dedicated
to total facilities management for the Middle East**

FM EXPO will highlight the astounding economic progress being made by the UAE, particularly in the property sector. All the main facilities management service providers are represented here, and the key players in this industry will turn out in force. An extensive conference and seminar programme offers an overview of current trends and innovations in the FM industry. In it's first year FM EXPO is co-located with the Office, Hotel and InRetail shows and are estimated to receive 10,000 visitors and 1200 exhibitors.

THE FUTURE IS ON

LEVITON Advantage

PAINLESS

HIMPLASIA
A painless process

A patient not only faces the problem of non-compliance, escalating cost and side effects in a drug therapy but also faces limitations of a surgical procedure, which includes hospitalization, blood transfusion, urinary tract infection, urethral stricture and development of urinary incontinence. Considering these facts, Himalaya has introduced Himplasia to provide relief with no side-effects and improve the quality of life.
